

City of Chula Vista
2015/16-2019/20 Capital Improvement Program
Project Description Report

Project Name: Storm Drain Repairs At Various Locations
Project No: DR204

Project Location:	Citywide		
Department Responsible:	Public Works		
Project Intents:	Asset Failure		
Project Description:	Various storm drains throughout the City have deteriorated and are in need of repairs.		
Project Information:	Rehabilitation of storm drain pipes are needed to extend the service life of these assets.		
Justification:	Due to lack of dedicated funding, the City continues to be reactive in addressing CMP repairs primarily after failure has occurred. This project will access and complete CMP repairs that have high consequence of failure.		
Total Estimated Cost:	\$1,631,000		
Estimated Operation and Maintenance Cost:	\$0	Project Type:	Drainage
